Pre-Surgical Instructions

- Admitting time is 7:00 - 8:00 a.m. If other arrangements need to be made please let us know.
- No food or treats after midnight the night prior to surgery/anesthesia. Fresh water should be available at all times.
- Please allow plenty of time for your pet to freely empty his/her bowel and bladder before being admitted to the hospital.
- Surgery is performed on your pet in the morning. We strive to contact each of our clients within 1 – 2 hours after surgery, please be prepared to leave a contact number with us. If we haven't contacted you by 2:00 p.m. please feel free to contact us.
- For the health and well being of all patients in our care, all pets undergoing surgery are required to be current on their vaccinations. If you are a new client with us, please bring a copy of your pet's vaccination history when you check in.
- If your cat is being declawed you will need to use newspaper or recycled paper pellets as litter for 7 – 10 days after surgery.
- Please contact us if you have any questions or concerns about the surgical procedure or if your pet has any changes in his/her condition prior to surgery.
